

STATEMENT OF PURPOSE

RS27445 / H0395

Section 33-3101, Idaho Code, currently limits offerings at Lewis-Clark State College (LCSC) to instruction in four (4) year college courses in science, arts and literature, and such courses or programs as are usually included in liberal arts colleges leading to the granting of a baccalaureate degree and career technical education courses or programs of less than four (4) years. The proposed amendments would remove the restrictions and allow the college to offer such programs as the State Board of Education may approve.

FISCAL NOTE

There is no direct fiscal impact from the changes in this legislation. Possible future enrollment growth at LCSC due to the changes from this legislation could lead to an increase in general fund allocation as generated through the Enrollment Workload Adjustment (EWA) funding formula.
